## The Cocoa Horizons Foundation

---

Through a focus on sustainability, entrepreneurial farming, improved productivity and eradication of child labor, the goal is to help cocoa farmers create self-sustaining communities that protect their children and nature.

The beauty of chocolate is that much greater when you know your ingredients are sourced honestly and contribute to a world where cocoa farmers and their trees have a bright future. Therefore, all the chocolate we use is Cocoa Horizons Certified.

# 5 Reasons to use **POWER FLOWERS™**

## Incredibly concentrated Power

You only need a few Power Flowers™ to give any fat-based recipe a lovely color.

## More than just chocolate

Instantly add a nice color to your pralines, macarons, buttercream, marzipan, glaze, sugar paste, fondant, mousse, dough and many more things. Power Flowers™ melt right away in the microwave, in liquid chocolate or liquid cocoa butter.

## Unlimited color palette

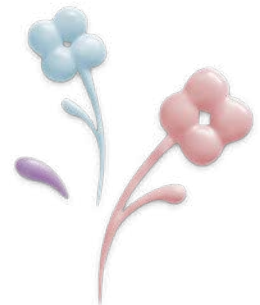

You can use the Power Flowers™ primary colors to create any color you desire. The Color Masters and the free app will tell you just how to make the color you're after.

## Consistent results

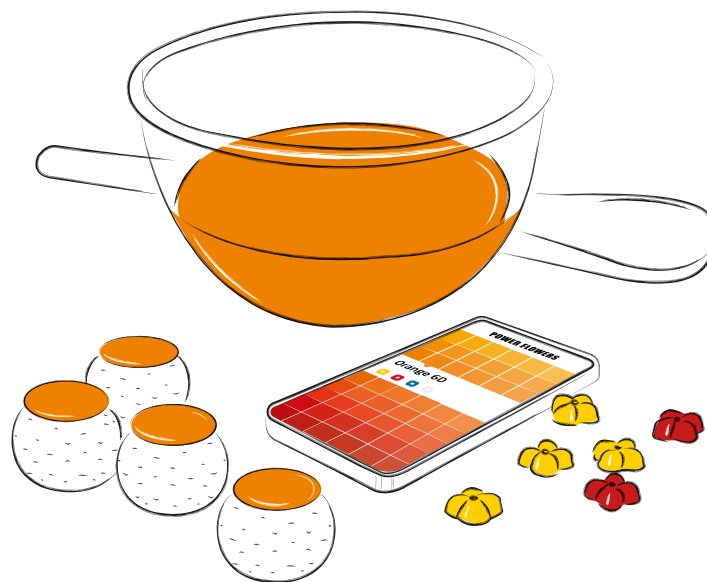

You can easily apply the right amount of Power Flowers™ by breaking off the flowers' leaves. By following the indicated amounts in the Color Masters or in the app, you will always get the same result. No waste. Nice and simple.

## Classic colors as well as From Natural Origin colors

Besides the Classic color range, Power Flowers™ also offers a color range based on natural ingredients. This includes spirulina blue, or pinks and reds made with blackcurrants, cherries and apples. As a result, you meet all the legal requirements without compromising on color. Long live nature!

# How to use **POWER FLOWERS™**

- 
- Step 1 Choose your color with the Color Masters<sup>1</sup> or the Power Flowers™ app and place the required amount of Power Flowers™ leaves in a bowl
  - Step 2 Measure a multitude of 400 g white<sup>2</sup> chocolate
  - Step 3 Pour 1/4 of the melted chocolate<sup>3</sup> over the Power Flowers™ in the bowl
  - Step 4 Wait one to two minutes for the Power Flowers™ to (nearly) entirely melt
  - Step 5 Mix until the Power Flowers™ have completely dissolved
  - Step 6 Add the remaining 3/4 of the chocolate and mix
  - Step 7 Temper your chocolate-based product if so desired

---

<sup>1</sup> The actual colors may differ from those on the Color Masters or the mobile app, depending on the background, the type, the thickness, the state (crystallized or not) and the quality of the crystallization and the color, light source, etc. For sprays, the color indicated on the Color Masters may vary if you replace part of the white chocolate with cocoa butter (< 50% cocoa butter).

<sup>2</sup> White chocolate e.g WZNV - Callebaut or Zéphyr - Cacao Barry.

<sup>3</sup> The ideal temperature range for coloring chocolate with Power Flowers™ is 40 - 45 °C.
