INTRO

Dear Customer,

Happy holidays! It's that time of the year again, and we have everything in store to make your fall and winter as festive as possible. Add some spooky Halloween or joyful winter vibes to your chocolate and pastries with our collection of chocolate decorations, food colorants, creative supplies, and transfer sheets.

Our love for chocolate, celebration, and color shines through in everything we do. Ever since IBC Belgium was founded, over 30 years ago, developing expertise around natural food coloring has been our priority. And with some exciting news ahead, we keep striving to be the most honest and colorful on the market.

Accordingly, we made sure that 80% of our products are using colorants From Natural Origin, and a whopping 100% are free from titanium dioxide. That's how we guarantee outstanding quality that meets all food safety requirements.

And then there's taste, too. Our chocolate decorations are made with premium Belgian chocolate to turn every occasion into a celebration. But when we say celebration, we do mean for everyone. To ensure our commitment towards a sustainable, humane future, all of our chocolate is Cocoa Horizons Certified. Honest chocolate just tastes so much better.

5 Reasons to use **POWER FLOWERS™**

Incredibly concentrated Power

You only need a few Power Flowers™ to give any fat-based recipe a lovely color.

More than just chocolate

Instantly add a nice color to your pralines, macarons, buttercream, marzipan, glaze, sugar paste, fondant, mousse, dough and many more things. Power Flowers™ melt right away in the microwave, in liquid chocolate or liquid cocoa butter.

Unlimited color palette

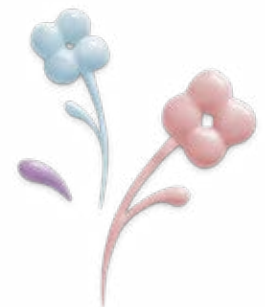

You can use the Power Flowers™ primary colors to create any color you desire. The Color Masters and the free app will tell you just how to make the color you're after.

Consistent results

You can easily apply the right amount of Power Flowers™ by breaking off the flowers' leaves. By following the indicated amounts in the Color Masters or in the app, you will always get the same result. No waste. Nice and simple.

Classic colors as well as From Natural Origin colors

Besides the Classic color range, Power Flowers™ also offers a color range based on natural ingredients. This includes spirulina blue, or pinks and reds made with blackcurrants, cherries and apples. As a result, you meet all the legal requirements without compromising on color. Long live nature!
