# SUSTAINABILITY

**L'impegno verso il Pianeta è parte della nostra filosofia.**

Utilizzare **PROCESSI DI PRODUZIONE PIÙ EFFICIENTI** può ridurre in maniera significativa l'inquinamento, i rifiuti e i consumi:

**Iniezione** - questo sistema azzerà gli scarti produttivi, in quanto la materia prima viene utilizzata interamente. Inoltre, l'alta produttività degli impianti comporta una riduzione dei consumi.

**Termoformatura** - consente di stampare articoli di forme e dimensioni diverse e, contemporaneamente, di valorizzare gli scarti utilizzandoli come materia prima secondaria per altre produzioni.

**Taglio laser** - consente lavorazioni precise che utilizzano al massimo la materia prima, ottimizzando la produzione e riducendo gli scarti.

Ci impegniamo ad utilizzare **MATERIALI ECOLOGICI E RICICLABILI** per ridurre l'impatto ambientale. Il materiale riciclabile diventa così una risorsa per nuove produzioni

**Commitment to the Planet is a part of our philosophy.**

*Using more efficient **PRODUCTION PROCESSES** can significantly reduce pollution, waste and consumption:*

***Injection** - this system reduces production waste to zero, as the raw material is used entirely. In addition, the high productivity of the equipment leads to a reduction in consumption.*

***Thermoforming** - it allows articles of different shapes and sizes to be printed and, at the same time, to valorise waste by using it as a secondary raw material for other productions.*

***Laser cutting** - it allows precise processing that makes maximum use of the raw material, optimising production and reducing waste.*

*Commitment to use **ECOLOGICAL AND RECYCLABLE MATERIALS** in order to reduce environmental impact. Recyclable material thus becomes a resource for new production.*

**REDUCE, REUSE, RECYCLE**

Compiendo queste azioni, ogni azienda grande o piccola, ogni persona, tutti possiamo contribuire alla salvaguardia del pianeta.

*Any company, either big or small, any person, all of us can contribute in safeguarding the planet.*

# A GIFT FOR THE PLANET

## Il pianeta è un luogo che va salvaguardato.

Per questo abbiamo voluto dare un contributo condividendo con i nostri partner un importante progetto di riforestazione. Supportati dall'azienda Treedom, abbiamo acquistato 120 alberi di Cacao che sono stati piantati da contadini camerunensi in uno dei progetti agroforestali che l'azienda sostiene.

## + 120 ALBERI DI CACAO

Grazie a questa iniziativa, inoltre, Martellato contribuisce al finanziamento di contadini Camerunensi, sostenendo il loro lavoro e quindi il loro sostentamento.

CON QUESTI ALBERI COMPENSEREMO

## 7 tonnellate di CO<sub>2</sub>

PARI A QUELLA PRODOTTA DA UN TRENO CHE PERCORRE 440,040 KM.

**The planet is a place that must be preserved.**

Which is why we wanted to make a contribution by sharing an important reforestation project with our partners.

## + 120 COCOA TREES

Supported by the company Treedom, we purchased 120 cacao trees that were planted by Cameroonian farmers in one of the agroforestry projects the company supports. Thanks to this initiative, our company also contributes to the funding of Cameroonian farmers, supporting their work and thus their livelihoods.

WITH THESE TREES WE WILL COMPENSATE

## 7 tons of CO<sub>2</sub>

EQUAL TO THAT PRODUCED BY A TRAIN TRAVELLING 440,040 KM.

## SOCIOECONOMIC VALUE

### **Martellato a fianco di Remix per generare valore sociale.**

Un'azienda socialmente responsabile concilia il proprio business con il rispetto e la valorizzazione delle persone.

Conscia di questo, Martellato srl dà il proprio contributo alla comunità sostenendo **Remix, una realtà che si occupa di inserimento lavorativo di persone fragili del territorio**, garantendo una filiera produttiva made in Italy, etica e sostenibile.

Nell'ambito dei progetti per l'accompagnamento e l'inserimento lavorativo, Remix ha sviluppato delle competenze altamente specifiche che dimostrano come anche le persone in situazione di fragilità possano contribuire positivamente all'economia del territorio, realizzando prodotti e servizi di qualità.

Martellato ha, quindi, scelto di affidare a Remix parte dell'assemblaggio dei propri prodotti. Acquistandoli sosterrete direttamente questa realtà e il nostro impegno verso una società più inclusiva.

**REMIIX**  
SOLUZIONI INDUSTRIALI  
[www.remixpadova.it](http://www.remixpadova.it)

### **Martellato alongside Remix to generate social value.**

*A socially responsible company reconciles its business with the respect and valorisation of people. Aware of this, Martellato srl makes its own contribution to the community by supporting Remix, a reality that deals with the work placement of fragile people in the area, guaranteeing a made in Italy, ethical and sustainable production chain.*

*As part of its projects for accompaniment and job placement, Remix has developed highly specific skills that demonstrate how even people in fragile situations can make a positive contribution to the local economy, producing quality products and services. Martellato has therefore chosen to entrust Remix with part of the assembly of its products. By purchasing them you will directly support this reality and our commitment to a more inclusive society.*

# architecture

Ispirate dalle linee armoniose delle volte architettoniche, le nuove praline riproducono i diversi stili. Come i più famosi architetti potrete realizzare vere e proprie opere d'arte.

Inspired by the harmonious lines of architectural vaults, the new pralines reproduce different styles. Like the most famous architects, you can create real works of art.

# BARS

# EVOLUTION

Thinking beyond  
chocolate

Polycarbonate moulds 275 x 175 mm

La collezione Evolution, nata per interpretare le tendenze del momento, si esprime con forme essenziali e geometrie. Le linee si incontrano ed intrecciano nelle nuove tavolette, che richiamano trame e sinuosità, oltre a giochi di volume.

The Evolution collection, created to interpret the trends of the moment, expresses itself with essential shapes and geometries. The lines meet and interlace in the new bars, which recall textures and sinuosity, as well as playing with games of volume.

Realizzato in materiale plastico termoresistente, con vasca e coperchio rimovibile in acciaio inox e sonda termica per la regolazione della temperatura del cioccolato. La scheda elettronica gestisce la resistenza interna e la rilevazione della temperatura del cioccolato tramite la sonda esterna per ottimizzare il raggiungimento del risultato richiesto e per consentire un più rapido e preciso scioglimento del cioccolato.

## DigitalMeltinchoch MADE IN ITALY

Il pannello frontale fornisce suggerimenti per il temperaggio, regolabile manualmente o seguendo i 3 programmi differenti in base al tipo di cioccolato: bianco, al latte o fondente. Le indicazioni del display aiutano l'operatore a completare le fasi del temperaggio e del mantenimento del cioccolato.

Made of heat-resistant plastic material, with a stainless steel tank and removable lid and a thermal probe for the regulation of the chocolate temperature.

The electronic card manages the internal resistance and the chocolate temperature detection through the external probe to optimize the achievement of the required result and to allow a faster and more precise melting of the chocolate.

The front panel provides suggestions for tempering, adjustable manually or by following the 3 different programs according to the type of chocolate: white, milk or dark chocolate. The display indications help the operator to complete the tempering and chocolate maintenance phases.

# Meltinchoch

MADE IN ITALY

## MELTINCHOC ANALOGICI

I Meltinchoch sono degli strumenti indispensabili per la lavorazione del cioccolato. Precisione, design, semplicità e ingombro ridotto sono i principali vantaggi di questi dispositivi in grado di soddisfare anche i pasticceri più esigenti. Gli scioglitori a secco analogici sono dotati di una pratica **vasca in acciaio inox** removibile con scocca in plastica. Il termostato manuale permette di regolare e mantenere il cioccolato alla temperatura desiderata. Realizzati in materiale plastico termoresistente, gli scioglitori per cioccolato hanno capienza compresa tra 0,8 e 13 litri.

### ANALOGUE MELTINCHOC

The Meltinchoch are essential tools for chocolate processing. Precision, design, ease of use and compactness are the main advantages of these devices, designed to meet the requirements of even the most demanding pastry chef. These dry heat analogue melters are equipped with a practical and removable **stainless steel tank** with plastic chassis. The manual thermostat allows you to adjust and maintain the chocolate at the desired temperature. Made with heat-resistant plastic, the chocolate melters can hold from 0,8 to 13 liters.

# Mini Meltinchoc

MADE IN ITALY

Il **mini sciolitore a secco per cioccolato** è adatto sia in laboratorio per piccole produzioni di praline e soggetti, che in gelateria per la copertura di gelati e dessert su stecco. La capacità contenuta consente la lavorazione di piccole quantità senza sprechi e la **pratica vasca estraibile** garantisce una manutenzione facile e veloce. Il **design raffinato** e le **dimensioni ridotte** lo rendono perfetto per l'utilizzo anche direttamente sul bancone.

The **mini dry melter for chocolate** is suitable both in the laboratory for small productions of pralines and subjects, and in ice-cream shops for covering ice cream and desserts on a stick. The small capacity allows to process tiny chocolate quantities without any waste. The **practical removable tank** ensures an easy and fast maintenance. The **refined design** and **compact size** make it perfect to be used even directly on the counter.

# Deep Meltinchoc

MADE IN ITALY

Sciolitore a secco pensato per le gelaterie: grazie alla sua forma e dimensione è ideale per coperture in cioccolato di gelati e semifreddi su stecco. Presentato con colorazione classica, che ricorda i toni del cioccolato, per adattarsi ad ogni tipologia di arredo e per essere utilizzato direttamente sul banco. Le caratteristiche tecniche dello scioglitrone analogico, tra cui il termostato che consente di regolare la temperatura e la vasca estraibile in alluminio anodizzato per una più facile pulizia, fanno di DEEP-MELTINCHOC un articolo essenziale.

Dry melter designed for ice-cream shops: thanks to its shape and size it is ideal for chocolate coatings of ice-creams and semifreddos on sticks. Presented with classic colours, reminiscent of chocolate tones, to adapt to all types of furnishings and to be used directly on the counter.

The technical features of the analogue melter, including the thermostat that allows you to adjust the temperature and the removable tank in anodised aluminium for easier cleaning, make DEEP-MELTINCHOC an essential item.

# Chocobig EVOLUTION

Versatile, di facile utilizzo e di sicuro effetto. Ideale per pasticcerie, gelateria, ristoranti, alberghi e servizi catering.

La fontana Martellato, realizzata in Italia, è completamente in acciaio inox, ha la vasca smontabile per rendere svuotamento e pulizia molto facili. La manopola consente di regolare la temperatura e lo spegnimento automatico ne evita il surriscaldamento. Per il funzionamento richiede circa 3,5 kg di cioccolato e può contenerne fino a 8 kg.

Versatile, easy to use and highly impactful. Ideal for pastry shops, ice cream parlours, restaurants, hotels and catering services.

The Martellato fountain, made in Italy, is completely in stainless steel and has a removable basin to make emptying and cleaning very easy. The control knob allows you to adjust the temperature and the automatic switch-off prevents overheating. It requires about 3.5 kg of chocolate to operate and can hold up to 8 kg.

# Chocolate Fountain

Compatta e leggera, la più piccola delle nostre fontane è adatta a sciogliere e mantenere il cioccolato alla temperatura desiderata nelle occasioni più informali o con spazi contenuti.

Compact and light, the smallest of our fountains is suitable for melting and maintaining chocolate at the desired temperature on the most informal occasions or with limited space.

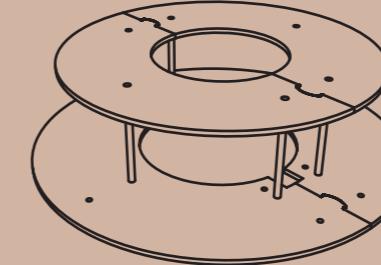

- ✓ FONTANA IN ACCIAIO INOX  
STAINLESS STEEL FOUNTAIN
- ✓ COCLEA IN PLASTICA RESISTENTE  
AUGER IN HEAT RESISTANT PLASTIC
- ✓ PIEDINI REGOLABILI  
ADJUSTABLE FEET

Mantiene la cioccolata alla temperatura di 36/39°C.  
It keeps the chocolate at a temperature of 36/39°C.

**CHOCOFONT**  
Ø 210mm h390mm

# SEMIFREDDO & BAKING

TRAVEL CAKE  
—○—  
**Geometric**  
by  
FRANK HAASNOOT

Dalla collaborazione tra Martellato e **Frank Haasnoot** nascono **nuove forme** per interpretare l'iconico Travel cake. **Stampi in acciaio inox**, realizzati in Italia, con inserto tubolare facilmente estraibile dopo la cottura, per consentire la farcitura del dolce anche con ripieni non da forno.

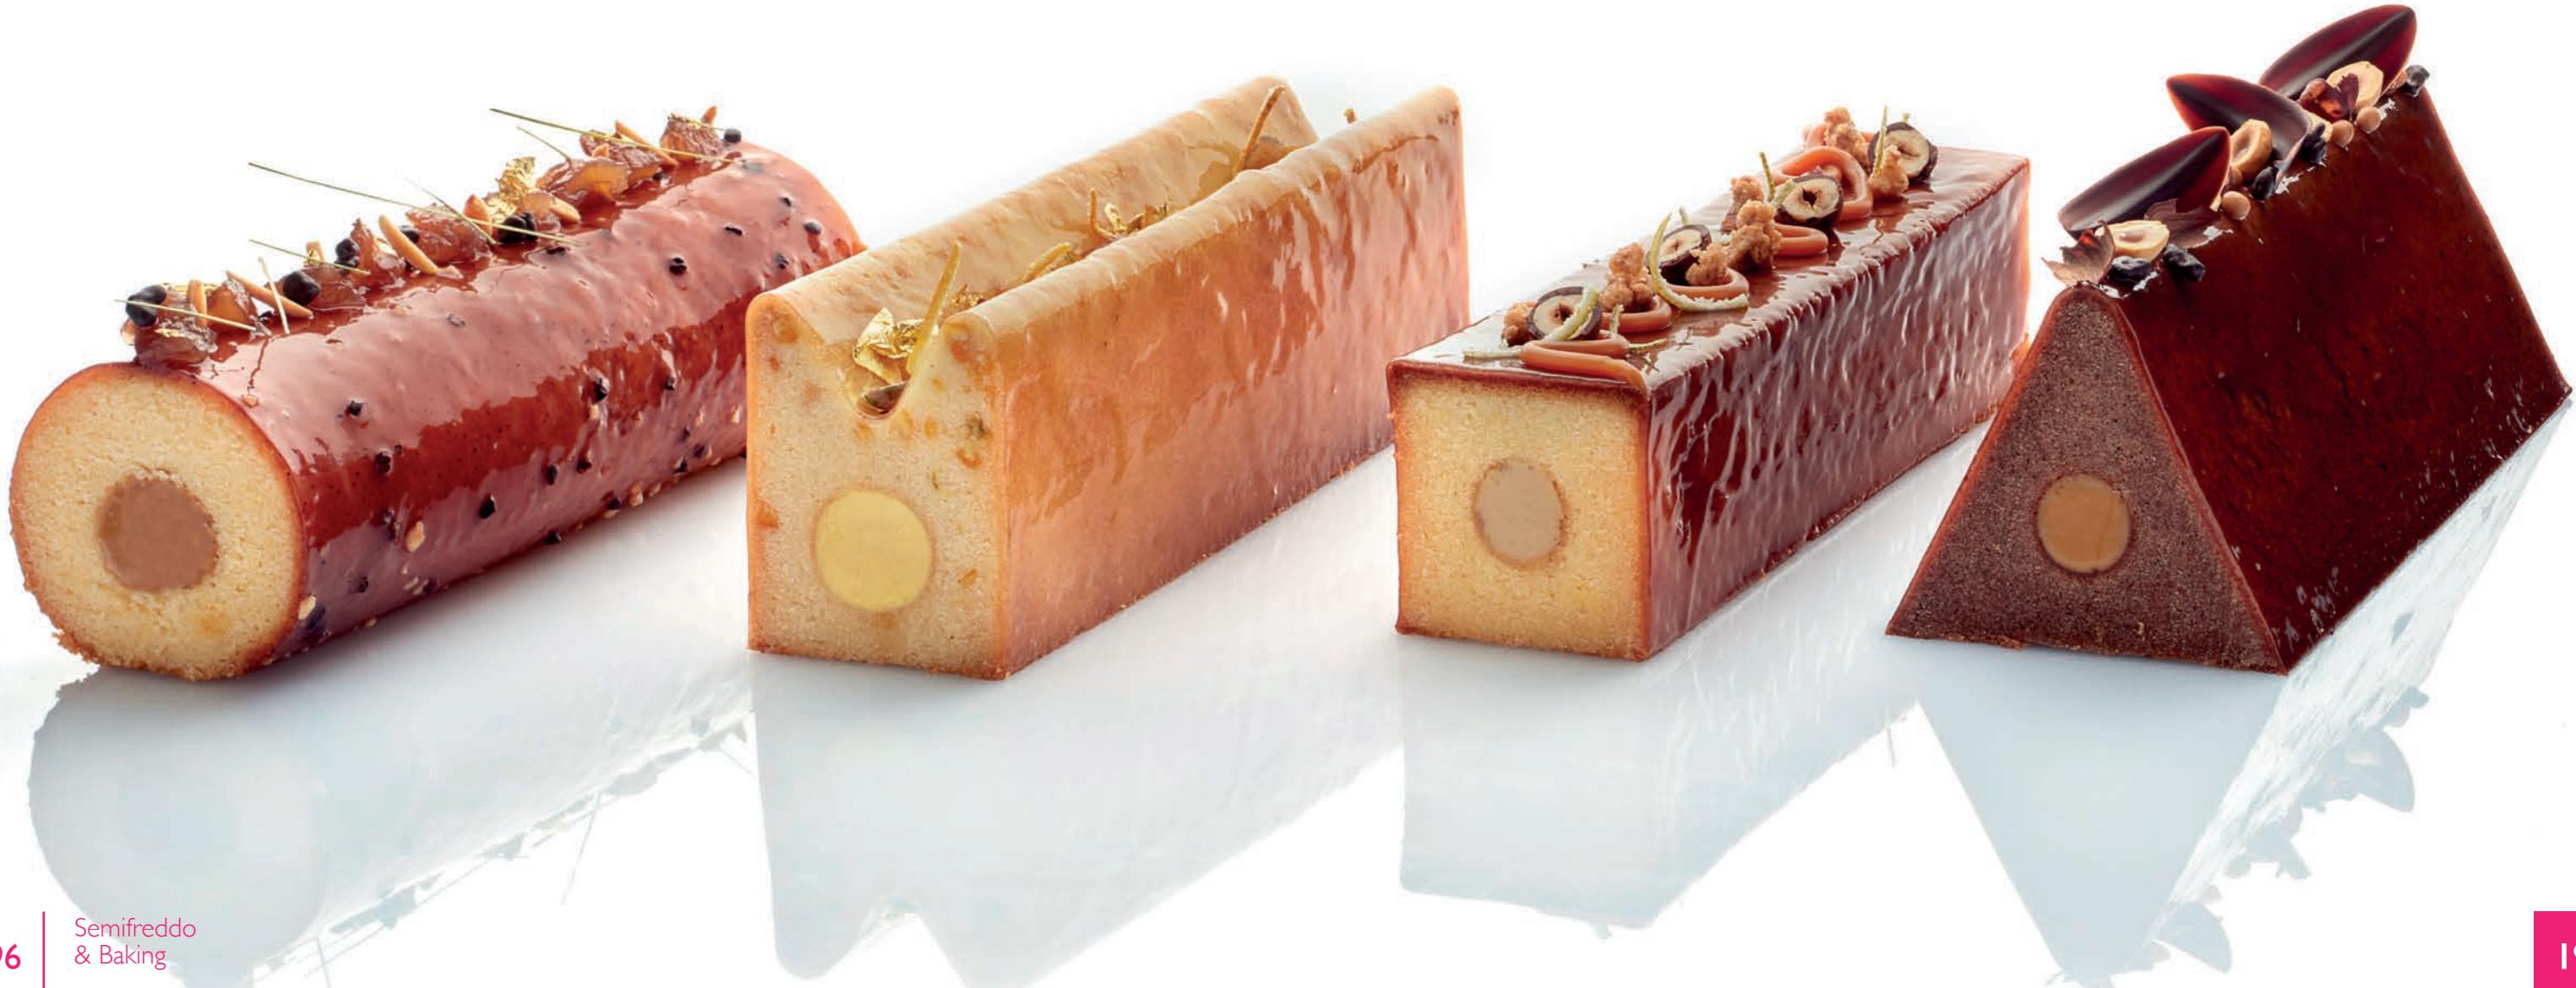

Made in Italy.

New shapes come from the collaboration between Martellato and **Frank Haasnoot**, to interpret the iconic Travel cake. Made in Italy **stainless steel moulds** with an easily removable after baking tubular insert, to fill the cakes with non-baked fillings.

Made in Italy.

**FRANK HAASNOOT**

# i MICROBANDS FORATI

## The perfect baking solution

Fasce in silicone microforato, che abbinate agli stampi in acciaio inox, garantiscono cottura omogenea e senza umidità, sformatura facile senza rotture e una texture regolare ed elegante.

Micro-perforated silicone bands, which combined with the stainless steel moulds, guarantee even cooking without humidity, easy demoulding without breakings and a regular and elegant texture.

Watch the video in  
Martellato's YouTube channel.

"I MicroforatiBands sono la soluzione ideale per la razionalizzazione della produzione, la riduzione degli sprechi e un risultato estetico ineguagliabile."

*"The MicroforatiBands are the ideal solution for production optimization, waste reduction and unique aesthetics results"*

Denis Dianin AMPI Pastry Chef

## EFFICIENZA PRODUTTIVA

- **RAZIONALIZZAZIONE DELLA PRODUZIONE**  
semplificando i passaggi e riducendo i tempi di circa il 30%

- **COTTURA OMOGENEA E SENZA IMPERFEZIONI**  
in quanto permette la fuita dell'umidità

- **SFORMATURA VELOCE E SENZA ROTTURE**  
favorendo la rimozione del prodotto sia a caldo che a freddo

- **RIDUZIONE DEGLI SPRECHI E DEI COSTI**  
meno spreco di prodotto perché si avrà il 99 % di successo nella produzione

## PRODUCTION OPTIMIZATION

- **PRODUCTION RATIONALIZATION**  
by simplifying the steps and reducing times by around 30%

- **EVEN COOKING WITH ZERO IMPERFECTIONS**  
because they allow moisture to escape

- **QUICK DEMOULDING WITHOUT BREAKINGS**  
by allowing the unmoulding of both hot and cold products

- **WASTE AND COST REDUCTION**  
less product waste because you will have a 99% success rate with your production

## RISULTATI PERFETTI

- ADATTABILITÀ A TUTTE LE FORME E A TUTTE LE RICETTE
- TEXTURE ELEGANTE ed esclusiva
- BORDI SOTTILI e DRISSI che non collassano perché sostenuti dalla fascia
- MINIMO SPAZIO DI STOCCAGGIO e FACILE GESTIONE lavaggio ed asciugatura rapidi

## PERFECT RESULTS

- ADAPTABILITY TO ALL SHAPES AND RECIPES
- ELEGANT AND EXCLUSIVE texture
- THIN AND STRAIGHT EDGES that don't collapse because supported by the band
- MINIMUM STORAGE AREA AND EASY MANAGEMENT quick washing and drying

# i MICRO FORATi

stampi silicone  
silicone moulds

**30x40**

1 box: 2 stampi/moulds

Una linea di prodotti per cottura in forno, realizzati in silicone e fibra di vetro, pensati per facilitare il lavoro in laboratorio.

Le caratteristiche che li contraddistinguono, come l'alta qualità dei materiali e la texture microforata, consentono la diffusione uniforme del calore e l'uscita dell'umidità, riducendo i tempi di cottura e garantendo un risultato perfetto.

Tante forme ideali per le diverse preparazioni sia dolci che salate, come tartellette classiche e moderne, brioche e muffin.

Le creazioni risulteranno perfettamente croccanti e dalla forma impeccabile, senza bolle o cedimenti. Sono ideali anche per i lievitati, pasta frolla e brisée. I tappeti sono antiaderenti e possono essere usati da entrambi i lati, per preparare tartellette vuote o già farcite.

A line of products for oven baking, made of silicone and fibreglass, designed to simplify work in the laboratory.

The characteristics that distinguish them, such as the high quality of the materials and the micro-perforated texture, allow the uniform diffusion of heat and the exit of humidity, reducing cooking times and guaranteeing a perfect result.

The many different shapes are ideal for various preparations, both sweet and savoury, such as classic and modern tartlets, brioche and muffins.

The creations will be perfectly crunchy and impeccably shaped, without bubbles or sagging.

They are also ideal for leavened products, shortcrust pastry and brisée.

The mats are non-stick and can be used on both sides to prepare empty or already filled tartlets.

1 confezione = 2 stampi 30x40 per teglie 60x40

1 pack = 2 moulds 30x40 for 60x40 trays

## PLUS

Scopri i valori aggiunti che rivoluzionano la cottura in forno.  
Discover the added values that revolutionise oven cooking.

### RESISTENTI

Il silicone arricchito con fibra di vetro garantisce alta qualità e maggiore durata degli stampi.

Resiste a temperature fino a:  
+230°C +450°F

### RESISTANT

The silicone enriched with glass fibre guarantees high quality and longer life of the moulds.

Resistant up to:  
+ 230 ° C + 450 ° F

### PRATICI

Le sformature sono più facili grazie all'antiaderenza del materiale

### PRACTICAL

Demoulding is easier thanks to the material non-stick qualities

### FUNZIONALI

La microforatura assicura una cottura veloce e uniforme, priva dell'umidità in eccesso

### FUNCTIONAL

Microperforation ensures even and quick cooking with no humidity excess

### VERSATILI

Possono essere usati da entrambi i lati per risultati creativi

### VERSATILE

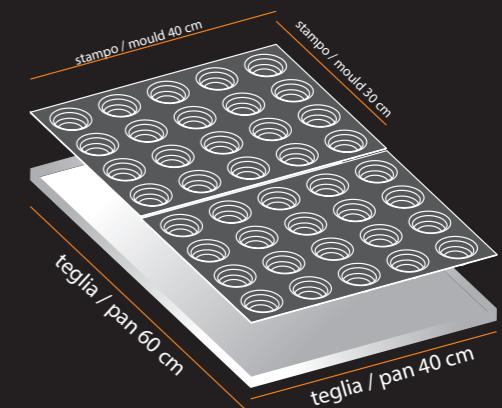

Can be used on both sides for creative results

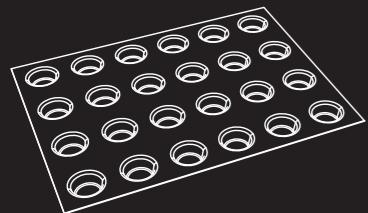

### MULTIUSO

Consentono di realizzare qualsiasi tipo di ricetta, dolce o salata

### MULTI-USE

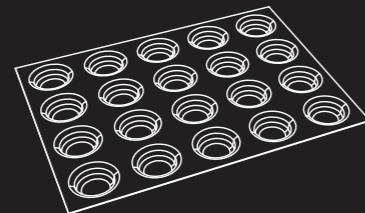

Allow making any type of sweet or savoury recipe

SCAN ME

## IL FUTURO È IN UN GESTO

Una nuova generazione di stampi Made in Italy che stanno cambiando il modo di lavorare in laboratorio.

Pratici, economici e veloci, gli stampi monouso per torte e individual cake consentono di velocizzare la produzione di semifreddi, risparmiando tempo, riducendo i costi, eliminando l'uso di detergenti e il consumo di acqua dovuto ai lavaggi.

## THE FUTURE IS IN ONE MOVE

A new generation of Made in Italy moulds that are changing the way professionals work in the laboratory.

Practical, economical and fast, disposable moulds for cakes and individual cakes allow you to speed up production of semifreddo, saving time, reducing costs and eliminating the use of detergents and water consumption due to washing.

Il prodotto va posizionato su foglio di carta da forno, la cui trasparenza permette di vedere dove posizionare l'impasto di Eclaire / Macaron, e sfilato prima della cottura.

**Non adatto alla cottura**

The product must be placed on a sheet of baking paper, whose transparency allows to see where to place the mixture of Eclaire / Macaron, and removed before baking.

**Not suitable for cooking**

## pastry RING

Fasce in acciaio inox di alta qualità con **bordi perfettamente dritti**, spessi per maggiore indeformabilità e **superficie liscia** per facilità di sformatura e dessert impeccabili. Adatti all'utilizzo sia in forno, dove assicurano cottura uniforme che in congelatore ed in abbattitore, per un completo e veloce raffreddamento., La varietà di forme e dimensioni, unita alle ampie possibilità di personalizzazione del soggetto su richiesta, rendono le fasce Martellato delle **soluzioni versatili** in grado di soddisfare anche i pasticceri più esigenti.

High quality stainless steel cake band with **perfectly straight edges**, more thickness for greater non-deformability and **smooth surface** for ease demoulding and flawless desserts. Suitable for use in freezer and blast chiller for a complete and fast cooling and ensure even cooking. The variety of shapes and sizes, combined with the wide customization opportunities upon request, make Martellato rings **very versatile products** able to satisfy even the most demanding pastry chefs.

## GHIERA PER LIEVITATI

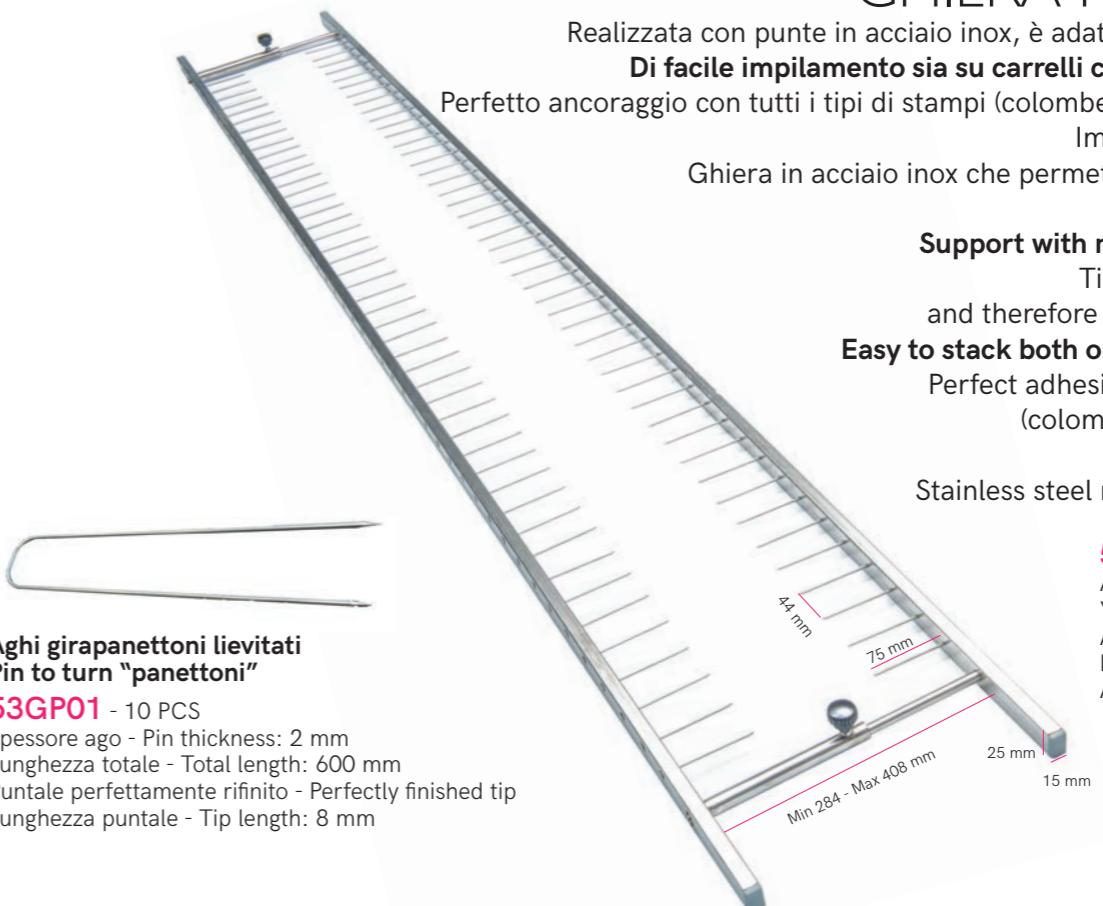

Realizzata con punte in acciaio inox, è adatta al contatto alimentare.

Di facile impilamento sia su carrelli che su rastrelliere murali.

Perfetto ancoraggio con tutti i tipi di stampi (colombe-stelle-cake-alberi etc..).

Impugnatura salda e sicura.

Ghiera in acciaio inox che permette una chiusura ottimale.

Aghi girapanettoni lievitati  
Pin to turn "panettone"

**53GP01** - 10 PCS  
Spessore ago - Pin thickness: 2 mm  
Lunghezza totale - Total length: 600 mm  
Puntale perfettamente rifinito - Perfectly finished tip  
Lunghezza puntale - Tip length: 8 mm

Support with nails for leavened doughs  
Tips made of stainless steel

and therefore suitable for food contact.

Easy to stack both on trolleys and wall racks.

Perfect adhesion on all types of moulds  
(colombe-stars-cake-trees etc..)

Firm and safe grip.

Stainless steel nail for optimal fastening.

**50GIRA02**

Asse girapanettoni  
"Panettone" cake turning rod  
Acciaio inox - Stainless steel  
Lunghezza - Total size: 221 cm  
Aghi fissi - fixed pins Ø 2,7 mm

## LE COMPONIBILI INOX

CAKE IDEA presenta un nuovo concetto di componibilità verticale, per consentire ai pasticceri più innovativi e creativi di offrire torte multigusto e multiconcistenza, sempre più sorprendenti, con preparazioni semplici e veloci. Gli stampi permetteranno una costruzione stratificata del dolce, grazie alla presenza di un top essenziale per la creazione con diverse consistenze e che funge anche da elemento decorativo, permettendo giochi di volumi.

CAKE IDEA presents a new concept of vertical modularity, to allow the most innovative and creative confectioners to offer multi-flavoured and multiconistency cakes, more and more surprising, with simple and quick preparations. The moulds will allow a layered construction of the cake, thanks to the presence of a top essential for creating with different consistencies and which also acts as a decorative element, allowing games of volumes.

Gli stampi dei CAMPIONI DEL MONDO  
CAKE IDEA è stata protagonista dell'edizione 2020 della Coppa del Mondo della Gelateria. Le squadre in gara si sono contestate il titolo di Campioni del Mondo con le ultime novità del sistema di fasce inox componibili, grazie alle quali è possibile dare forma alla creatività.

The moulds of the WORLD CHAMPIONS  
CAKE IDEA was the protagonist of the 2020 edition of the Ice Cream World Cup. The participating teams competed for the title of World Champion with the latest innovations in the system of modular stainless steel bands, thanks to which it is possible to give shape to creativity.

# CLASSIC SYSTEM

Barre in plastica per la produzione, sia dolce che salata, di monoporzioni e mignon. Il materiale rigido conferisce stabilità per una maggior precisione nella preparazione e maneggiabilità durante la lavorazione. Facili da riempire, anche senza teglia, e da spatolare per la chiusura. L'estrazione risulta facile anche con il prodotto non completamente congelato e grazie all'acetato non sarà necessario glassare.

Plastic bars for the production, both sweet and savoury, of single portions and mignons. The rigid material gives stability for greater precision in preparation and handling during processing. Easy to fill, even without baking tray, and to spatulate for closing. Extraction is easy even when the product is not completely frozen and thanks to acetate there is no need to glaze.

## LA TRADIZIONE CREA LA MODERNITÀ

Combinare gli elementi per dare vita a monoporzioni che, giocando con le proporzioni dei sapori, creano nuove armonie di gusto. Nasce con questo intento un progetto di dessert, pensato per la ristorazione, ma perfetto per la pasticceria moderna, che utilizzando semplici attrezzi consente risultati di alto livello.

Monoporzioni che accostano gusti, consistenze e colori per stimolare la voglia di assaggiare dei clienti, combinandoli a misure e forme diverse.

## TRADITION CREATES MODERNITY

Combining the elements to give life to single portions that, playing with the proportions of flavors, create new harmonies of taste. With this intent a dessert project was born, designed for catering, but perfect for modern pastry making, which by using simple equipment allows high level results.

Monoportions that combine flavors, textures and colors to stimulate customers' desire to taste, combining them with different sizes and shapes.

# push UPpops®

L'equilibrato mix di caratteristiche che rendono questo prodotto unico nel suo genere sono: funzionalità, praticità, eleganza e versatilità. Lo stampo, dopo la produzione, diventa un sistema di esposizione in vetrina o negli eleganti banchetti. Ideale per la realizzazione di dolci semifreddi o stuzzicanti aperitivi. Lavabili in lavastoviglie e riutilizzabili.

The balanced mix of features that make this product unique are: functionality, practicality, elegance and versatility. After production, the mould becomes a display system in the showcase or in elegant banquets. Ideal for making semifreddo desserts or tasty appetizers. Reusable and dishwasher safe.

# DeepMeltinchoc

MADE IN ITALY

Scioglitore a secco pensato per le gelaterie, grazie alla sua forma e dimensione è ideale per coperture in cioccolato di gelati e semifreddi su stecco. Presentato con colorazione classica, che ricorda i toni del cioccolato per adattarsi ad ogni tipologia di arredo e per essere utilizzato direttamente sul banco. Le caratteristiche tecniche del scioglitore analogici, tra cui il termostato che consente di regolare la temperatura e la vasca estraibile in alluminio anodizzato per una più facile pulizia, fanno di DEEP-MELTINCHOC un articolo essenziale.

Dry melter designed for ice cream parlours, thanks to its shape and size it is ideal for chocolate coatings of ice creams and semifreddi on sticks. Presented with the classical colour that recalls chocolate to be adaptable to any type of environment and to be used straight on the counter. The technical features of the analogical melter, including the thermostat that allows the temperature to be adjusted and the removable anodised aluminium tank for easier cleaning, make DEEP-MELTINCHOC an essential item.

## BALL SHAPING MACHINE

per Baci di Dama e Sfere  
for Lady's Kisses and Spheres

**EasySphere è lo strumento rivoluzionario che permette di produrre sfere di pasta perfette, abbattendo al massimo i costi di manodopera.**

Il sistema innovativo consente di realizzare sfere, con impasti di diverso tipo, riducendo di più del 50% i tempi di produzione rispetto al metodo manuale, con risultati a dir poco eccellenti. Grazie al rullo interno è possibile tagliare l'impasto con estrema facilità e modellare sfere dalla forma perfetta. EasySphere può essere usato da qualsiasi operatore mantenendo lo standard di lavorazione e pezzatura.

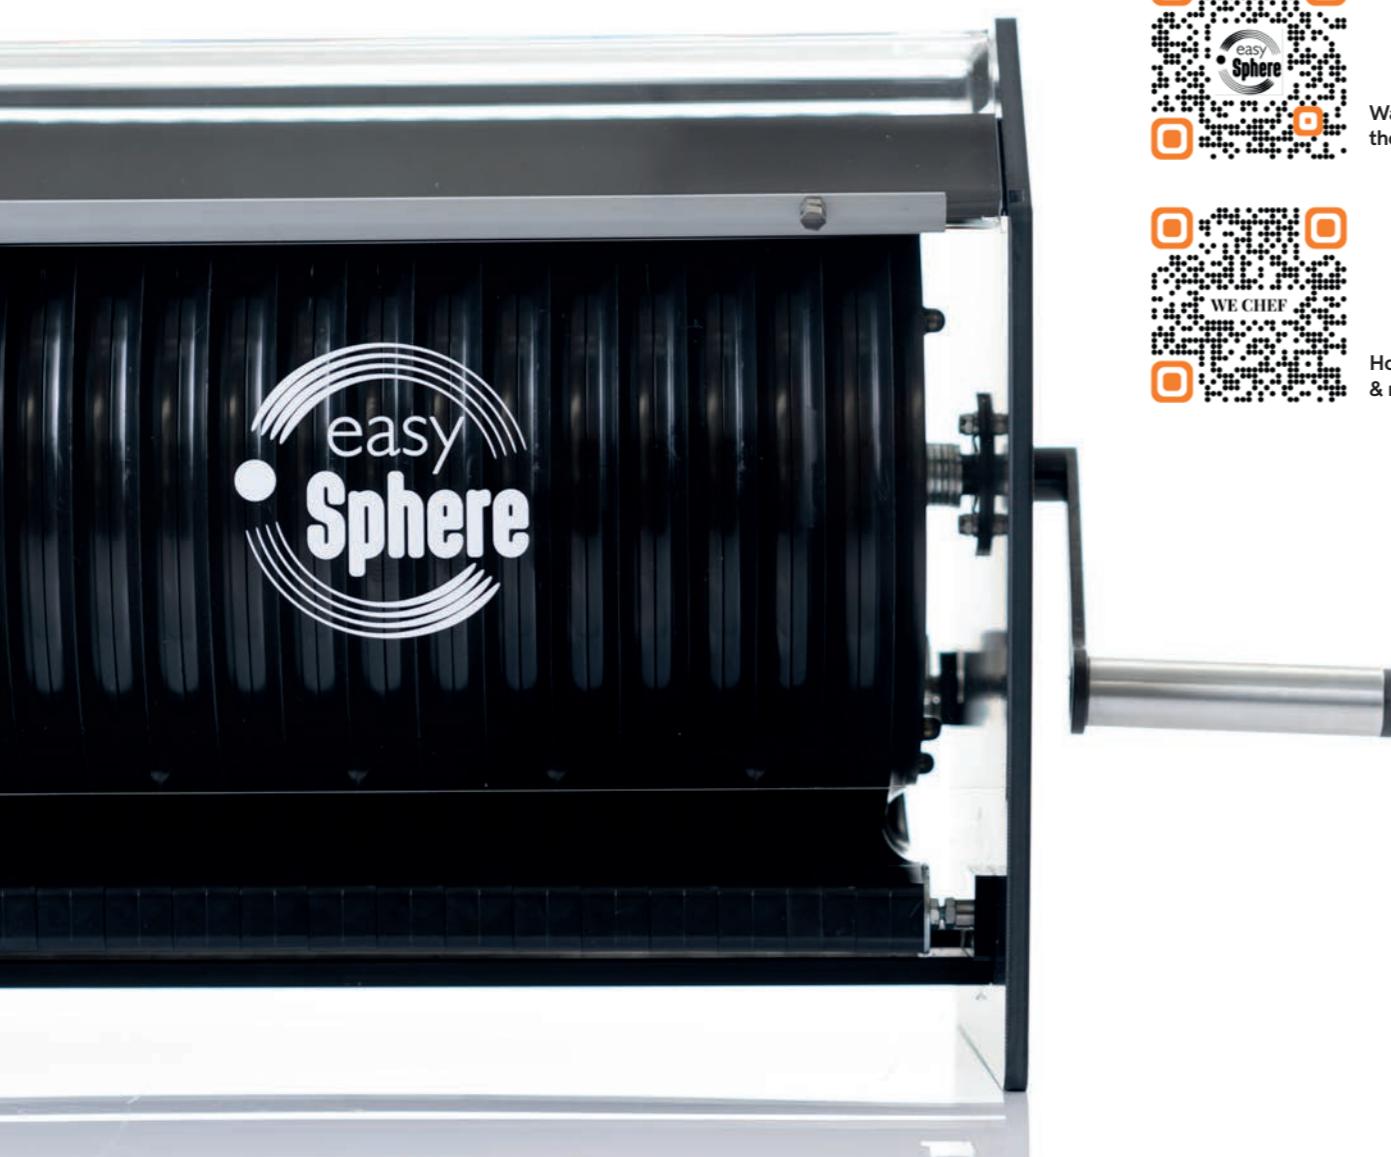

**Precisione, facilità, velocità: con EasySphere migliorerai il tuo modo di lavorare.**

**EasySphere is the revolutionary tool that allows you to produce perfectly shaped pastry spheres while cutting labour costs to a minimum.**

The innovative system makes it possible to produce spheres with different type of dough, reducing more than 50% on production time compared to the manual method, with results that are nothing short of excellent. Thanks to the internal roller, it is possible to cut the dough very easily and give it a perfect spherical shape. EasySphere can be used by any operator while maintaining the standard of processing and size.

**Precision, ease, speed: with EasySphere you will improve the way you work.**

Perché scegliere EasySphere?

### **Con EasySphere avrai:**

- **50%** dei TEMPI di produzione
- + **150%** dell' EFFICIENZA produttiva
- **20%** della MANODOPERA

LEVEL  
BISCUIT & MORE

## STRATIFICAZIONE PERFETTA

Level: stendi impasto su ruote maneggevole e pratico che permette di creare rapidamente strati precisi ed uniformi, anche negli spessori più sottili. Facilita e velocizza la stesura uniforme di biscuit, pan di spagna, cioccolato e prodotti simili, scorrendo su diverse superfici, come carta forno o tappeti in silicone. **Level è progettato per razionalizzare la produzione: velocizza i tempi, semplifica i passaggi e riduce i costi.**

## PERFECT LAYERING

Level: handy and practical wheel-mounted dough spreader that allows you to quickly create precise and regular layers, even in the thinnest thicknesses. It facilitates and speeds up the uniform spreading of biscuit, sponge cakes, chocolate and similar products, sliding on different surfaces, such as baking paper and silicone mats. **Level is designed to rationalise production: it speeds up times, simplifies steps and reduces costs.**

"Level è uno strumento che ho pensato per tutti coloro che come me cercano precisione e funzionalità, per creare prodotti perfetti."

# THERMAL

## WARMING PLATE

Piastra elettrica riscaldante con piano in vetro temperato idoneo al contatto alimentare, ideale nella lavorazione del cioccolato. E' inoltre perfetta per riscaldare e mantenere caldi i cibi, risultando la soluzione **adatta ai buffet di catering, alberghi e ristoranti**. L'apparecchiatura è composta da una robusta struttura metallo, con fondo riscaldante, il piano in vetro temperato, il termostato per la regolazione della temperatura e piedini antiscivolo per garantire **stabilità e sicurezza** anche durante il funzionamento. Facile da trasportare, grazie al design compatto ed al peso ridotto, e facile da pulire con un panno morbido e umido.

### CARATTERISTICHE PRINCIPALI:

Struttura in metallo

Superficie in vetro temperato

Range temperatura: 30°C - 85°C

Spia luminosa di funzionamento

Potenza 260 W

Peso: 2.5 Kg

**Electric warming plate** with a tempered glass top suitable for food contact, ideal for working with chocolate. Perfect for heating and keeping food warm, it also represents the **solution for catering buffets, hotels and restaurants**.

The equipment has a strong metal structure provided with a heating base, a tempered glass top, a thermostat for temperature regulation and non-slip pads to guarantee **stability and safety**, even during operation. Thanks to the compact design and low weight, it is easy to carry and clean with a soft damp cloth.

# MART CUTTER

AUTOMATIC RIBBON CUTTER

## TAGLIATO PER LA PASTICCERIA CUT OUT FOR PASTRY

**Mart Cutter** è il taglianastri elettrico ideale per **tagliare automaticamente le bobine di acetato della lunghezza desiderata, nella quantità necessaria**. Lo strumento consente di ottimizzare e gestire con maggiore semplicità lo stock delle diverse misure, producendo la quantità necessaria di ciascuna lunghezza, evitando errori di taglio e perdite di tempo.

**La confezione include** taglianastri elettrico, supporto per bobine, vassoio in plex per contenere le strisce di acetato e copertura di cotone per riporre il taglianastri dopo l'uso.

**Mart Cutter** is the ideal **electric ribbon cutter** for **automatically cutting rolls of acetate to the desired length, in the necessary quantity**. The tool makes it easier to optimise and manage the stock of different sizes, producing the necessary quantity of each length, avoiding cutting errors and waste of time.

**Package includes** electric ribbon cutter, reel stand, plex tray to hold acetate strips and cotton cover to store the ribbon cutter after use.

Grazie al display digitale **puoi impostare** sia la **lunghezza di taglio**, scegliendo tra i programmi preimpostati o inserendola manualmente, sia il **numero di strisce** desiderate.

Thanks to digital display you can set both the **cutting length**, choosing from preset programs or entering it manually, and the **desired number of stripes**.

# ACETATI - ACETATE

# GUITAR CUTTER<sup>by</sup> MARTELLATO

**Versatile, funzionale e resistente:** le caratteristiche della nuova chitarra in alluminio la rendono il tuo partner nella produzione quotidiana.

Uno strumento che ti permetterà di lavorare in modo preciso semplificando i passaggi ed **aumentando la produttività**. Sarà veloce e facile tagliare cremini, ganache, pasta frolla e sfoglia, tutte le masse morbide, le materie prime ed i prodotti finiti. La struttura è progettata per conferire maggior stabilità e forza nel taglio, ridurre lo sforzo, ottimizzare la produzione, riducendo sprechi, elevando gli standard e l'efficienza.

**Versatile, functional and durable:** thanks to its features, the new aluminum guitar is your essential partner in daily production.

A tool that will allow you to work precisely, simplifying steps and **increasing productivity**. It will be quick and easy to cut creams, ganaches, shortcrust and puff pastry, all soft masses, raw materials and finished products.

The structure is designed to give greater stability and strength in the cutting process, reducing effort and waste, optimizing production, raising standards and efficiency.

#### TELAI /FRAME

Telai in acciaio, con manico ergonomico, facilmente intercambiabili grazie a **Easy System**, l'esclusivo sistema di incastro che ne facilita l'inserimento. Sono **disponibili in diverse misure di taglio per consentire varie combinazioni** e creare mignon, monoporzioni, cremini, praline e altro.

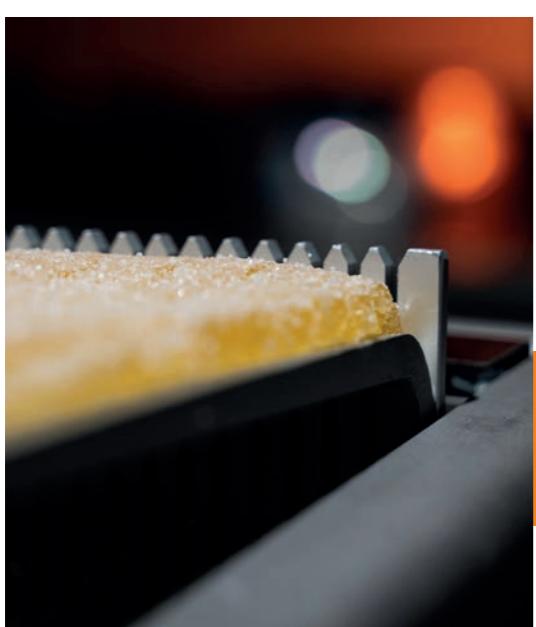

Sono inclusi vassoio in acciaio e la raplette in plastica per facilitare lo spostamento dei prodotti.

Steel frames, with ergonomic handle, are easily interchangeable thanks to the **Easy System**, the exclusive interlocking system that facilitates insertion. They are **available in different cut sizes to allow various combinations** and create mignons, single portions, cremini, pralines and more. The steel tray and the plastic raplette are included to facilitate the movement of the products.

# CHITARRE - GUITARS

## EASY U STEM

Il sistema ad incastro facilita l'inserimento ed il cambio dei telai, riducendo i tempi di montaggio, smontaggio e manutenzione.  
The interlocking system makes it easier to insert and change frames, reducing assembly, disassembly and maintenance time.

La chitarra è lo strumento ideale per tagliare in modo preciso **cremini, ganache, gelatine, mignon e masse morbide**. La base di taglio è realizzata in resistente materiale plastico, i telai sono in acciaio inox e i fili intercambiabili singolarmente.

**La chitarra è composta da una solida base e da telai di diverse misure, fornibili separatamente** in base alle esigenze del singolo operatore, oltre ad essere predisposta per il taglio e il calibro di grandi quantità di prodotti in modo preciso e privo di imperfezioni. Nella confezione delle basi sono presenti: 1 piatto in acciaio inox - 1 racla PST - 3 fili di ricambio - 2 chiavi per il fissaggio fili.

The guitar is the ideal tool for cutting **cremini, ganache, jellies, mignons and soft masses** precisely. The cutting base is made of strong plastic material, the frames are made of stainless steel and the wires are individually interchangeable. **The guitar consists of a solid base and frames of different sizes, which can be supplied separately** according to the needs of the individual operator, as well as being predisposed for cutting and calibrating large quantities of products precisely and without imperfections. In the packaging of the bases there are: 1 stainless steel plate - 1 plastic spatula - 3 spare wires - 2 keys for fixing wires.

## DOUBLE

La chitarra doppia permette di tagliare rapidamente il prodotto in un unico passaggio. Ideale per produrre perfetti quadrati e rettangoli di diverse dimensioni.

The double guitar allows you to quickly cut the product in a single operation. Ideal for producing perfect squares and rectangles of different sizes.

# CHITARRE A SPINTA DRIVING-FORCE GUITARS

Ideale per tagliare **cremini e ganache con frutta secca o prodotti duri e piccola pasticceria anche a bassa temperatura**. L'avanzamento del piano di lavoro avviene manualmente, attraverso un volantino azionato dall'operatore, che può controllarne la velocità. Il filo corto garantisce una maggiore resistenza meccanica e consente quindi di tagliare in porzioni precise anche gli impasti più duri o congelati. Facile da pulire, questo strumento non richiede alcuna manutenzione.

Ideal for cutting **cremini and ganache with dried fruit or hard products and small pastries even at low temperature**. The advancement of the work table is done manually, through a handwheel operated by the user, who can control its speed. The short wire guarantees greater mechanical resistance and therefore allows even the hardest or frozen dough to be cut into precise portions. Easy to clean, this tool does not require any maintenance.

Manopola di avanzamento grande per permettere un taglio più preciso e delicato

Large hand wheel to allow a more precise and delicate cut

Base di avanzamento asportabile per una migliore pulizia

Removable base for better cleaning

E-Turning Cake

L'indispensabile giratorta elettrico per il tuo laboratorio  
Electric Cake Turntable: an essential tool for your laboratory

Composto da un **corpo stabile** con trascinatore circolare sul quale ruota un **piano perfettamente planare** in plexiglass, con **scala graduata** in cm ed inch, consente il corretto e costante posizionamento del prodotto e la misurazione del decoro.

The cake turntable is composed by a **stable base** with circular guide and **planar Plexiglas plate**, with **graduated scale** for the correct and constant positioning of the product and the measurement of the decoration.

Con il regolatore puoi **variare la velocità** e il **senso di rotazione**. I **led direzionali** indicano il senso di rotazione ed in base all'intensità la velocità. Il pratico tappetino in silicone antiscivolo garantirà maggiore stabilità durante la lavorazione.

The regulator allow to **vary speed** and **direction of rotation**. **LEDs indicate direction** and speed of rotation. The practical non-slip silicone mat will ensure greater stability during processing.

Il giratorta elettrico: compatto, pratico e leggero, che semplifica e aiuta il tuo lavoro.

The electric turning cake: compact, practical and light, that simplifies and helps your work.

## STENDI PASTA - ROLLING MACHINE

La stendi pasta permette una grande economia di tempo e soprattutto non necessita di personale specializzato per operare. È stata ideata e realizzata per risolvere i problemi di formatura dei dischi per la preparazione di pizze, pane, focacce, tortine, ecc. La macchina lavora a freddo e non altera le caratteristiche della pasta. La stendi pasta è di semplice utilizzo e offre una qualità costruttiva di altissimo livello. Selezionare gli spessori per l'impasto finale è un'operazione rapida ed intuitiva.

The rolling machine allows a great economy of time and above all it does not require specialised personnel to operate. It is designed and manufactured to solve the problems of forming discs for the preparation of pizzas, bread, focaccia, cakes, etc.. The machine works cold and does not alter the characteristics of the dough. The rolling machine is easy to use and offers the highest level of construction quality. Selecting the thicknesses for the final dough is a quick and intuitive operation.

# PROFESSIONAL TOOLS

UNA LINEA COMPLETA DI SAC À POCHE MONOUSO  
A COMPLETE LINE OF DISPOSABLE PASTRY BAGS

MADE IN ITALY by MARTELLATO

RESISTENTI, ANTISCIVOLO, IGIENICHE, FACILI  
DA UTILIZZARE, CON SALDATURA SOTTILE

RESISTANT, NON-SLIP, HYGIENIC, EASY TO USE,  
WITH THIN SEAL

## ALTA QUALITÀ MADE IN ITALY

Pensate per facilitare il lavoro quotidiano dei professionisti grazie alle caratteristiche dei diversi modelli, le sac à poche monouso Martellato sono conosciute ed apprezzate in tutto il mondo. La produzione è interamente italiana, dalla materia prima accuratamente selezionata alla lavorazione, sotto l'attento controllo di Martellato che, grazie all'impiego delle più **moderne tecnologie** e nel rispetto delle direttive internazionali, è in grado di offrire **sacchetti di alta qualità**.

## I NOSTRI PLUS

Velocità e precisione, **presa sicura** antiscivolo e **alta resistenza**, fanno delle sac à poche prodotte da Martellato un prezioso alleato di pasticceri e chef. Un'unica **saldatura**, **più sottile** per consentire maggiore praticità e **più resistente** per evitarne la rottura durante l'uso, insieme al **materiale multistrato di alta qualità**, garantiscono la durata delle sac à poche per molto tempo, consentendo di riempirle più volte durante l'utilizzo. Possono essere utilizzate con composti caldi e freddi, duri o morbidi e sono adatte per l'utilizzo sia in abbattitore che in microonde.

## HIGH QUALITY MADE IN ITALY

Designed to facilitate the daily work of professionals thanks to the characteristics of the different models, the Martellato disposable pastry bags are known and appreciated all over the world.

The production of the pastry bags is entirely Italian, from the raw material to processing, under the careful control of Martellato that, thanks to the use of the most **modern technologies** and in compliance with international directives, can offer **high quality bags**.

## OUR PLUS

Speed and precision, non-slip **secure grip** and **high resistance**, make the pastry bags produced by Martellato a precious ally of both confectioners and chefs. A **single seal, thinner** for improved practicality and more resistant to prevent any breakage during use, together with the high quality **multi-layered material**, guarantee these pastry bags last over time, allowing to fill them over and over again during the use. They can be used with hot or cold, hard or soft preparations and are suitable for refrigerators and microwave ovens.

**Soft touch:** funzionalità e comfort  
**Soft touch:** functionality and comfort

**Antiscivolo, resistente e sicuro:** massima qualità  
**Resistant, non-slip and safe:** top quality

## Blue Poche

MADE IN ITALY by MARTELLATO

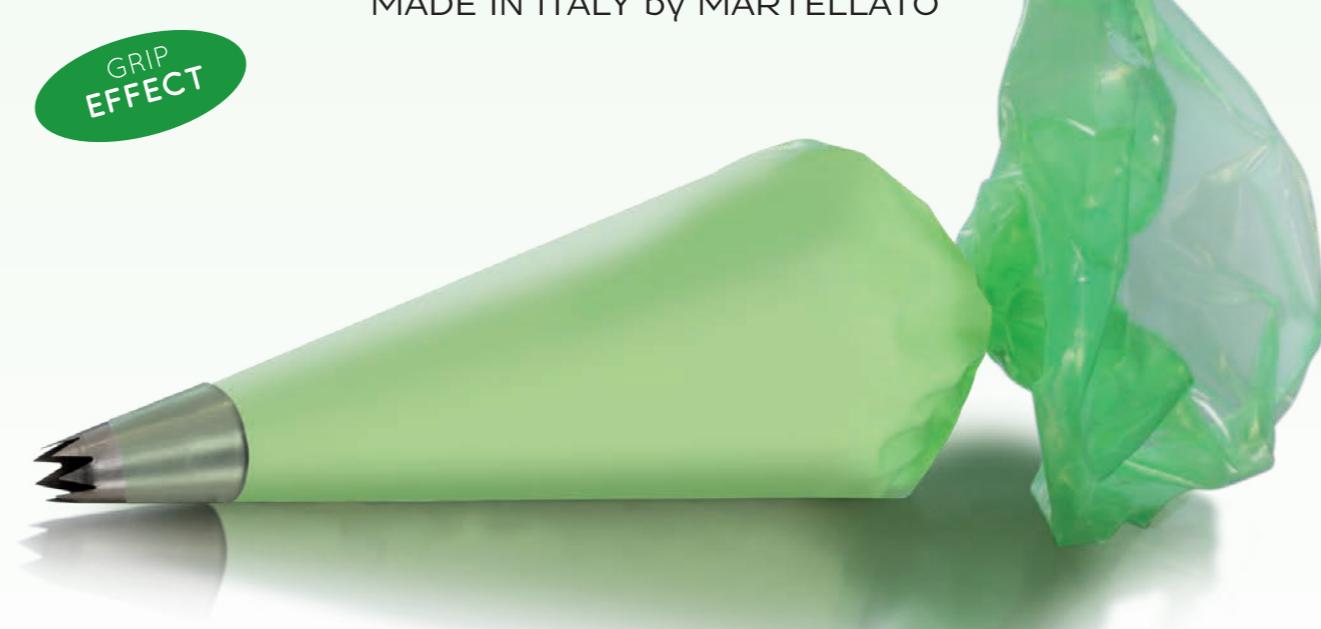

Sacchetti monouso in polietilene multistrato, danno una **piacevole sensazione al tatto e maggiore flessibilità**. L'interno liscio facilita la fuoriuscita dei composti caldi, freddi, duri o morbidi.

Disposable pastry bags in multi-layered polyethylene, they give a **pleasant sensation at the touch** and **greater flexibility**. The slick interior facilitates the release of doughs, whether hot, cold, hard or soft.

## Green Poche

MADE IN ITALY by MARTELLATO

Sacchetti monouso in polietilene **multistrato** verde con rivestimento **antiscivolo all'esterno** pensato per assicurare, anche con mani umide, una presa sicura. All'interno, invece, la superficie è liscia per consentire al prodotto di uscire facilmente.

Disposable pastry bags in green multilayer polyethylene with non-slip coating on the outside designed to ensure a secure grip, even with wet hands. Inside, however, the surface is smooth to allow the product to come out easily.

# SuperFlex

Simply unbreakable!

## SACCHETTI PER PASTICCERIA RIUTILIZZABILI

Superflex presenta una superficie liscia all'interno, che facilita la fuoriuscita del prodotto, e ruvida all'esterno, per garantire un'impugnatura più sicura. **Elevatissima resistenza alla trazione e facilità di lavaggio** e pulizia, conferiscono una durata di molto superiore a quella degli altri sacchetti in commercio, che utilizzano materiali diversi. Grazie allo **speciale sistema di saldatura del sacchetto**, l'igiene è maggiormente garantita. Non trattiene né assorbe lo sporco e l'impermeabilizzazione è resistente nel tempo, non essendo soggetta ad usura. Resiste fino a 100°C ed è adatto al microonde.

## REUSABLE PASTRY BAGS

Superflex has a inner smooth surface which facilitates the release of the cream, and a rough one on the outside in order to ensure a safer handle. **Very tensile strong and easy to wash and clean**, they give a much longer durability than other bags on the market, made of different materials.

Thanks to the **special sealing system of the bag**, hygiene is highly guaranteed. As not subject to wear, the pastry bag neither retain nor absorb dirt and the waterproofing will be resistant over time. It resists up to 100°C and is suitable for microwave use.

# Professional Choco SCRAPERS

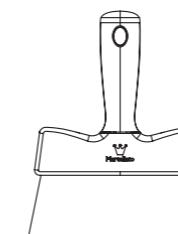

Le nuove raschie progettate e prodotte in Italia da Martellato rispondono alle esigenze dei cioccolatieri più attenti. Composte da una robusta **LAMA RIGIDA** in **ACCIAIO INOX** e proposte in differenti misure ed altezze per le diverse esigenze: **CORTA** per una maggiore sensibilità della mano o **LUNGA** per maggiore superficie di lavoro. Il MANICO SAGOMATO in plastica **ANTISCIVOLO** è adatto a diverse impugnature e avvolge la lama per una completa sicurezza ed igiene.

The new scrapers designed and produced in Italy by Martellato meet the needs of the most demanding chocolatiers. Composed of a sturdy **STAINLESS STEEL RIGID BLADE** and proposed in different sizes and heights for different needs: **SHORT** for greater sensitivity of the hand or **LARGE** for greater working surface. The **ANTI-SLIP SHAPED PLASTIC HANDLE** is suitable for different grips and it wraps the blade for maximum safety and hygiene.

### Spargi Polvere

Diffusori a maglia fine con tappo a vite. Ideali per spolverare zucchero a velo e farina o aggiungere spezie e cacao. Il coperchio a rete fine diffonde il contenuto in modo leggero e uniforme, è sicuro e facile da rimuovere per riempire di nuovo il barattolo. Realizzati in acciaio inossidabile con una copertura di plastica ermetica per proteggere il contenuto.

### cap. 450 g

**SETACIOK2**  
Ø73 h120mm

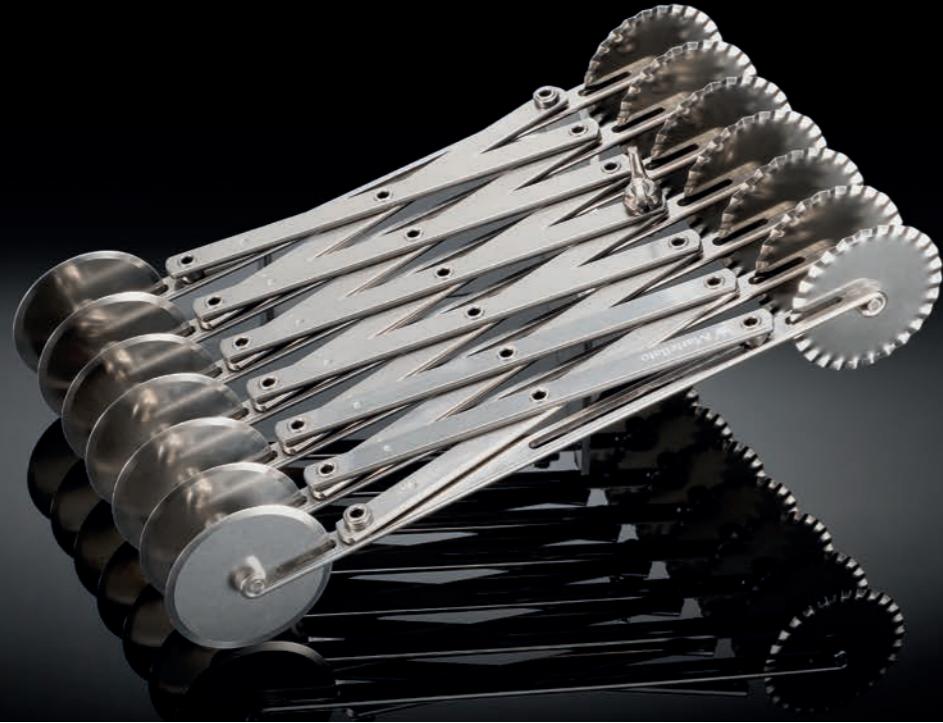

### Mesh Shaker

Fine mesh shakers with a screw cap. Ideal for sprinkling icing sugar and flour or adding spices and cocoa. The fine mesh lid spreads contents lightly and evenly, it is safe and easy to remove to refill the can. Made from stainless steel with an airtight plastic cover to protect the contents.

## TAGLIAPASTA ESTENSIBILE EXPANDABLE WHEELS CUTTER

Tagliapasta estensibile in acciaio, consente di tagliare in modo rapido e preciso strisce di impasti della stessa misura. Disponibile anche in versione doppia con lame dritte su un lato e alette scanalate sul retro. La distanza delle ruote è facilmente regolabile per ottenere strisce dai 10 ai 120 mm. Diametro ruota 5,5 cm. Le ruote possono essere bloccate nella posizione desiderata stringendo i dadi ad alette. Stoccaggio facile.

Extensible steel dough cutter, it allows to cut quickly and precisely strips of dough of the same size. Also available in double version with straight blades on one side and grooved blades on the back. The distance of the wheels is easily adjustable to obtain strips from 10 to 120 mm. Wheel diameter 5,5 cm. The wheels can be locked in the desired position by tightening the wing nuts. Easy storage.

Made in italy

### STRATIFICAZIONE PERFETTA CON LEVEL

Stendi impasto su ruote maneggevole e pratico che permette di creare rapidamente strati precisi ed uniformi, anche negli spessori più sottili. Facilita e velocizza la stesura uniforme di biscuit, pan di spagna, cioccolato e prodotti simili, scorrendo su diverse superfici, come carta forno o tappeti in silicone. Level è progettato per razionalizzare la produzione: velocizza i tempi, semplifica i passaggi e riduce i costi.

### PERFECT LAYERING WITH LEVEL

Handy and practical wheel-mounted dough spreader that allows you to quickly create precise and regular layers, even in the thinnest thicknesses. It facilitates and speeds up the uniform spreading of biscuit, sponge cakes, chocolate and similar products, sliding on different surfaces, such as baking paper and silicone mats. Level is designed to rationalise production: it speeds up times, simplifies steps and reduces costs.

THE FIRST MICRO-PERFORATED BAKING PAPER

sviluppata da un'idea di  
developed from an idea of

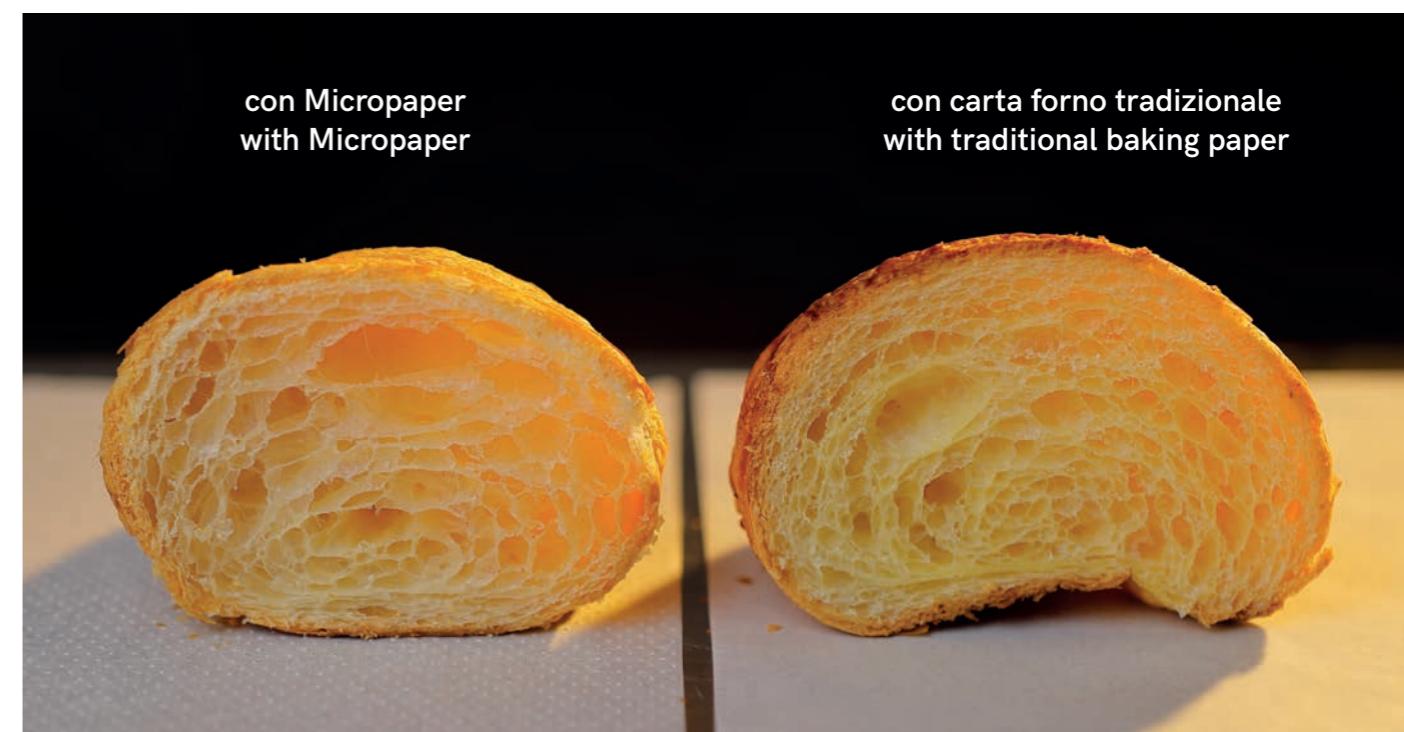

GIUSEPPE  
GAGLIARDI  
MAESTRO  
PASTICCERE

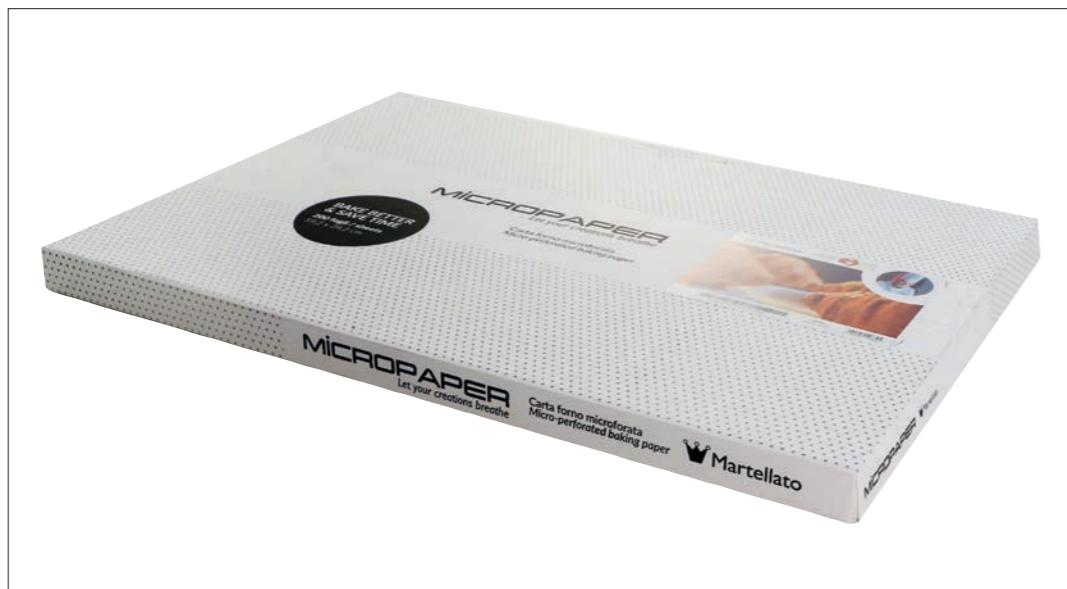

#### Qualità superiore in minor tempo

Grazie alla presenza della microforatura, durante la cottura il vapore acqueo fuoriesce più velocemente. Questo garantisce un miglior passaggio dell'aria, che raffredda anche i prodotti più velocemente rispetto alla carta forno tradizionale.

#### Superior quality in less time

Thanks to the micro-perforation, steam escapes faster during baking. This ensures a better airflow, which also cools the products faster than with conventional baking paper.

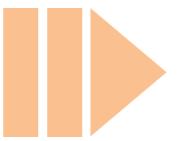

## MICROPAPER

## TELO COPRI IMPASTO DOUGH PROOFING SHEET

Ideale per proteggere gli impasti durante la lievitazione conservando il giusto livello di umidità, riparando da agenti esterni ed aria. Il telo è utile per coprire i prodotti da forno durante il raffreddamento in modo da trattenere gli aromi che si sprigionano subito dopo la cottura. Realizzato in **trasparente polietilene alimentare**, destinato ad uso professionale, garantisce la massima igiene, praticità d'uso e durata nel tempo.

Ideal for protecting doughs during leavening and maintaining the right level of humidity, protecting from external agents and air. The sheet is also useful for covering baked goods during cooling in order to retain the aromas that are released immediately after cooking. Made of **transparent food-grade polyethylene**, for professional use, it guarantees maximum hygiene, practical use and durability.

# BANQUETING & DISPLAY

Design e qualità contraddistinguono gli eleganti ed infrangibili articoli ideali per ogni professionista del settore HORECA, della pasticceria e della gelateria. **Realizzati da Martellato** con materiale di alta qualità, che conferisce, oltre alla resistenza, anche lucidità e trasparenza. Prodotti in Italia, gli articoli Martellato rappresentano la più valida alternativa al vetro.

Design and quality characterise the elegant and unbreakable disposable items ideal for every professional in the HORECA, pastry and ice-cream sector. **Made by Martellato** with high quality material, which gives, in addition to resistance, also lucidity and transparency. Produced in Italy, the Martellato items provide the most valid alternative to glass.

## I RIUTILIZZABILI

**Rispettano l'ambiente due volte.** Grazie al materiale di alta qualità con il quale sono prodotti, i piattini per individual dessert - così come tutti i gli articoli della linea Elegant Catering Solution - **possono essere riutilizzati più volte**. E una volta gettati, sono riciclabili al 100%.

## THE REUSABLE

**They respect the environment twice.** Thanks to the high quality material with which they are made, the plates for individual desserts - like all the items of the Elegant Catering Solution line - **can be reused several times**. And once disposed, they are 100% recyclable.

## MULTI ICE revolution

Stampi in speciale materiale plastico per realizzare splendide sculture in ghiaccio.  
Moulds made of special plastic to create spectacular ice sculptures.

**MIRO1**

scultura/sculpture: 42 x 26 h 53 cm  
stampo/mould: 60 x 25 h 65 cm - 7 kg

**MIRO8**

scultura/sculpture: 58 x 25 h 56 cm  
stampo/mould: 69 x 25 h 70 cm - 8 kg

**MIRO7**

scultura/sculpture: 41 x 41 h 83 cm  
stampo/mould: 51 x 41 h 96 cm - 9 kg

**MIR17**

scultura/sculpture: Ø 39 h 15 cm  
stampo/mould: Ø 53 h 19 cm - 4,5 kg

**MIR16**

scultura/sculpture: Ø 40 h 20 cm  
stampo/mould: Ø 52 h 23 cm - 4 kg

**MIRO5**

scultura/sculpture: 36 x 26 h 67 cm  
stampo/mould: 50 x 26 h 78 cm - 7,5 kg

**MIP - pompetta/pump**

La pompetta tiene in movimento l'acqua all'interno dello stampo durante il processo di congelazione e la scultura di ghiaccio risulterà più trasparente.

The air pump makes the water circulate inside the mould during the process of freezing and the ice sculpture will be more transparent.

**Supporto per pompetta  
Air pump support**

**MISO5** - per MIR05

**MISO8** - per MIR08

# CREATIVE COLORS

# Velvet SPRAY

Spray a base di burro di cacao che dona un effetto vellutato. L'articolo deve essere spruzzato su tutte le superfici fredde come gelato, semifreddi, mousse e cioccolato, perchè il burro di cacao cristallizzi creando l'effetto desiderato.

*Spray cocoa butter with a velvety effect.  
The article can be sprayed on all cold  
surfaces such as ice cream, semifreddo,  
mousse and chocolate.*

# EASY COLOR

Colorante liquido pronto all'uso, pensato per assicurare una nebulizzazione perfetta ed omogenea sulla superficie di torte e dolci attraverso l'utilizzo di aerografi.

Grazie alla sua formula idrosolubile, è ideale anche per la colorazione in massa di pan di spagna, panna, crema, gelatina, pasta di mandorle, marzapane e bevande in genere.

*Ready-to-use liquid colour, designed to ensure a perfect and homogeneous nebulization on the surface of cakes and sweets through the use of airbrushes.*

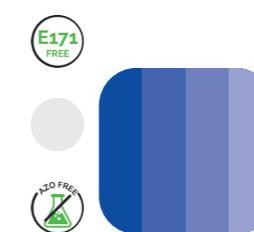

*Thanks to its water-soluble formula, it is also ideal for the mass coloring of sponge cake cream, cream, jelly, almond paste, marzipan and drinks in general.*
